

The last activities in North Dakota, New Salem, Medina and Dickinson.

Now I am writing from the tranquility of the Fedice's office. With the joy of having returned to my country with my people and with the nostalgia of the wonderful time lived in the United States during these last two months, with the blessing of God and of course with the desire to continue forward in the activities of Fedice, as I mentioned

with joy, with hope and with faith.

The activities continued in North Dakota, specifically in New Salem, in the Church with Pastor Marcy Dawson on June 6. Then on June 8 - 9, the annual conference of the United Churches of Christ in Medina and finally the presentation at the Pastor Janel Kolar's church on June 10, were the final activities in this beautiful and simply different place in the United States. It was a wonderful time, with new opportunities to talk about FEDICE in the churches, with people

interested in supporting us. A new opportunity to give thanks for the work done, for being part of this great MINGA WITH FEDICE and of course to invite them to continue supporting us.

In New Salem with Pastor Marcy Dawson, in addition to the presentation about Fedice and the new projects, we were able to remember the time when she helped us with first aid training to a group of people belonging to several communities of the González Suárez parish. , it is pleasing to know that even with the difficulty of the language we can share our knowledge, learn from each other and continue working to provide better opportunities to the people of the communities with which FEDICE works. Thank you, Pastor Marcy, for your dedication and patience, and we hope to have you among us soon to share and learn more from you.

At the 55th annual meeting of the Church of Christ, the Northern Plains Conference, Medina, North Dakota, June 8-9, we were once again able to publicize Fedice's work, to give thanks for the support, to strengthen our relations of friendship and joint work in the mission. Thank God, it is one of my favorite phrases, because again and again, I thank God for the day we were able to start our work with Pastor Janel Kolar, for the day they

decided to work with us.

Thank God for this time that we enjoy with all the brothers of this region of North Dakota. In an atmosphere of joy, of pleasant memories for the work done in Ecuador, we renew the commitment to continue working, to continue contributing to improve the conditions of our neighbors near or far.

The presentation in the Church of Pastor Janel Kolar in Dickinson on June 10, was the last activity about FEDICE, but no less important. It was pleasant to see the interest of the people, their desire to learn more about the activities of FEDICE. We wish you blessings and successes along the way, dear brothers. May God help you in your goals, in the activities that are proposed.

Thanks to God once more for these pleasant opportunities to thank people for their work in Ecuador, for being part of this MINGA with FEDICE. The opportunity to talk about Fedice and invite them to continue supporting us.

Thank you friends, brothers and sisters of North Dakota, thanks for all the activities carried out, the opportunities to work but also to learn and to have different activities. Thank you because we were able to meet you more, we were able to share the activities and we appreciated the effort, the interest in visiting us and working with us.

In order to fulfill the objectives set out in this trip, we received the help of many people, each contributing in their own way, within the

possibilities of their knowledge.

In each house, in each place we feel the affection, the protection, the love of our neighbor, the blessing of being welcomed as missionaries, as brothers in Christ.

Literally we had the opportunity to travel by air, sea and land, only God can give us all these blessings.

If God permits and if you want to work with us, please for sure you are very welcome to our country, you are very welcome to share with us in this mission with FEDICE. Your work, your experience was very useful and we will be waiting for you, we hope to see you soon.

Hasta la vista babies
