ECUMENICAL FOUNDATION FOR INTEGRAL DEVELOPMENT, TRAINING AND EDUCATION

REPAIR OF CHILDREN´S CENTER

“MUSHUK MUYU

NEW SEED”

Otavalo - Ecuador

JUSTIFICATION

The Children´s center benefits 40 children from 1 to 3 years of age, providing attention in early development.

Dampness in the walls is negatively affecting the health of the children.

PROBLEMS

LACK OF ILUMINATION

Two classrooms are dark and damp for lack of windows that allow for the entry of light

PROBLEMS

HUMIDITY

The left side wall and the rear wall are affected by fungi.

HUMIDITY

There is water leakage into the classroom.

PROBLEMS

INADEQUATE FLOOR

The two classroom floors are concrete, which makes cleaning difficult

INADEQUATE FLOOR

The floor is cracked and collects dust.

PROBLEMS

LACK OF SPACE

The parents put in a wooden division in the main classroom with the purpose of having another classroom.

The wooden division is not secure for the children and does not provide isolation of sound from the rest of the classrooms.

SOLUTIONS

PROBLEM	SOLUTION
1. Humidity 2. Lack of ilumination 3. Inadequate floor 4. Lack of space	1. Plastering of exterior and interior of the damaged walls. 2. Putting in two windows on the left lateral wall. 3. Putting down tile on the floor of the two classrooms. 4. Substitute the wooden division for a block division. 5. Complementary Activity: Painting the walls and ceiling .

THANKS FOR HELPING US

Dear brothers and sisters from Oregon and Idaho.

As Paul says in his letter to the Thessalonians: ***We always thank God for all of you and continually mention you in our prayers. We remember before our God and Father your work produced by faith, your labor prompted by love, and your endurance inspired by hope in our Lord Jesus Christ.***

BLESSINGS TO ALL OF YOU
